Au cœur du pays de la douceur
de vivre se niche un hameau gai
et accueillant appelé CHAMPIGNAC.

Il est peuplé de villageois paisibles
et, chose rare...

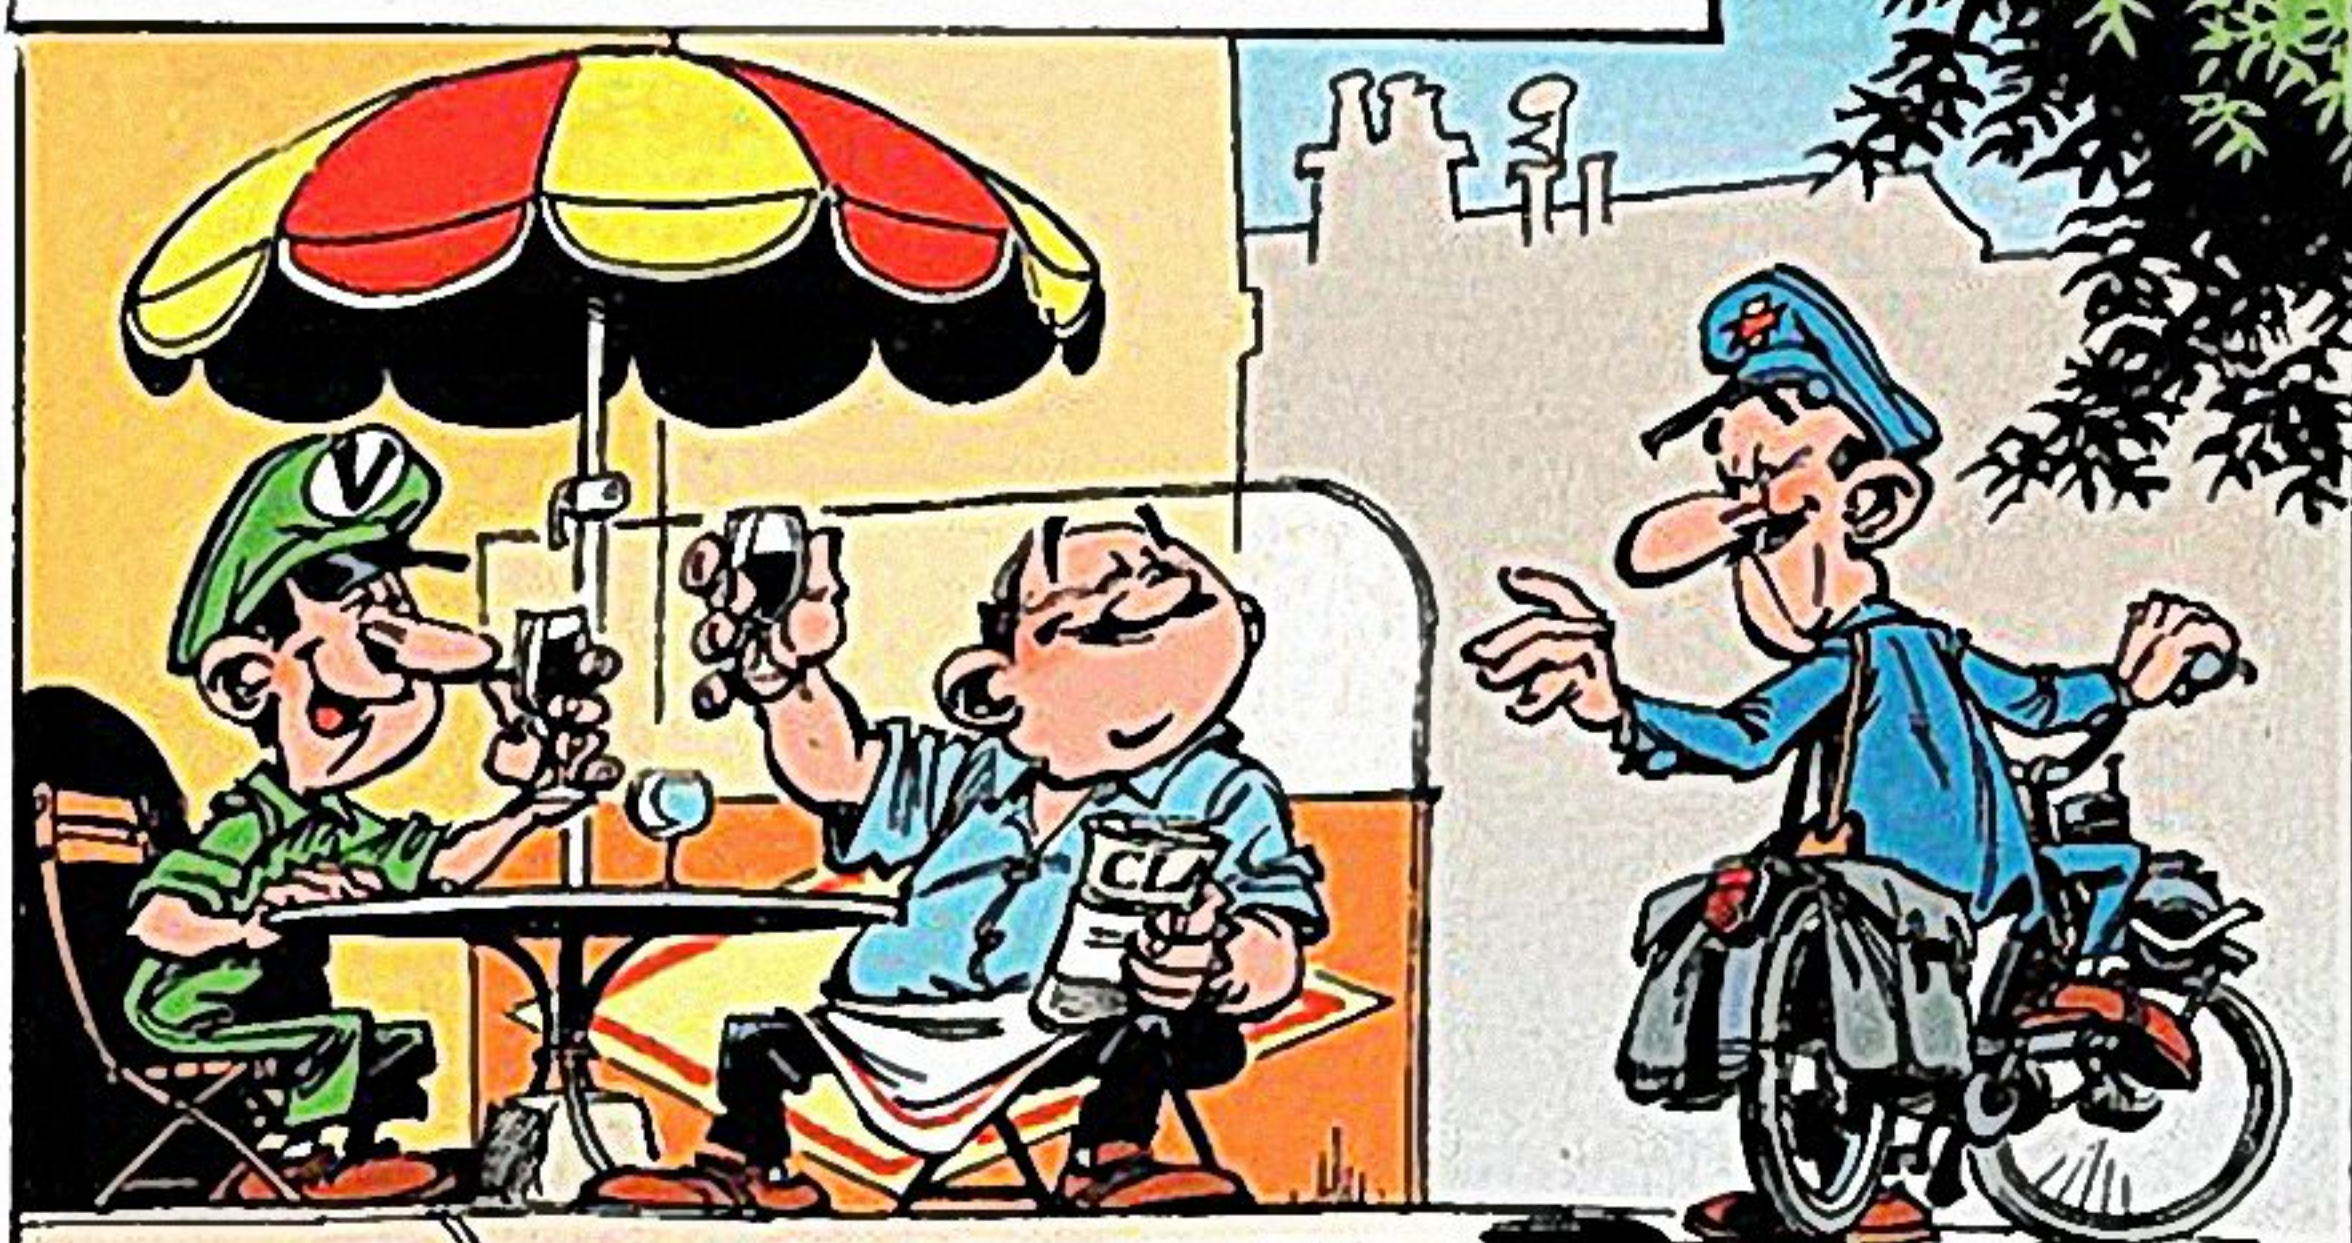

...on y cultive avec un même bonheur
le champignon et la gentillesse.

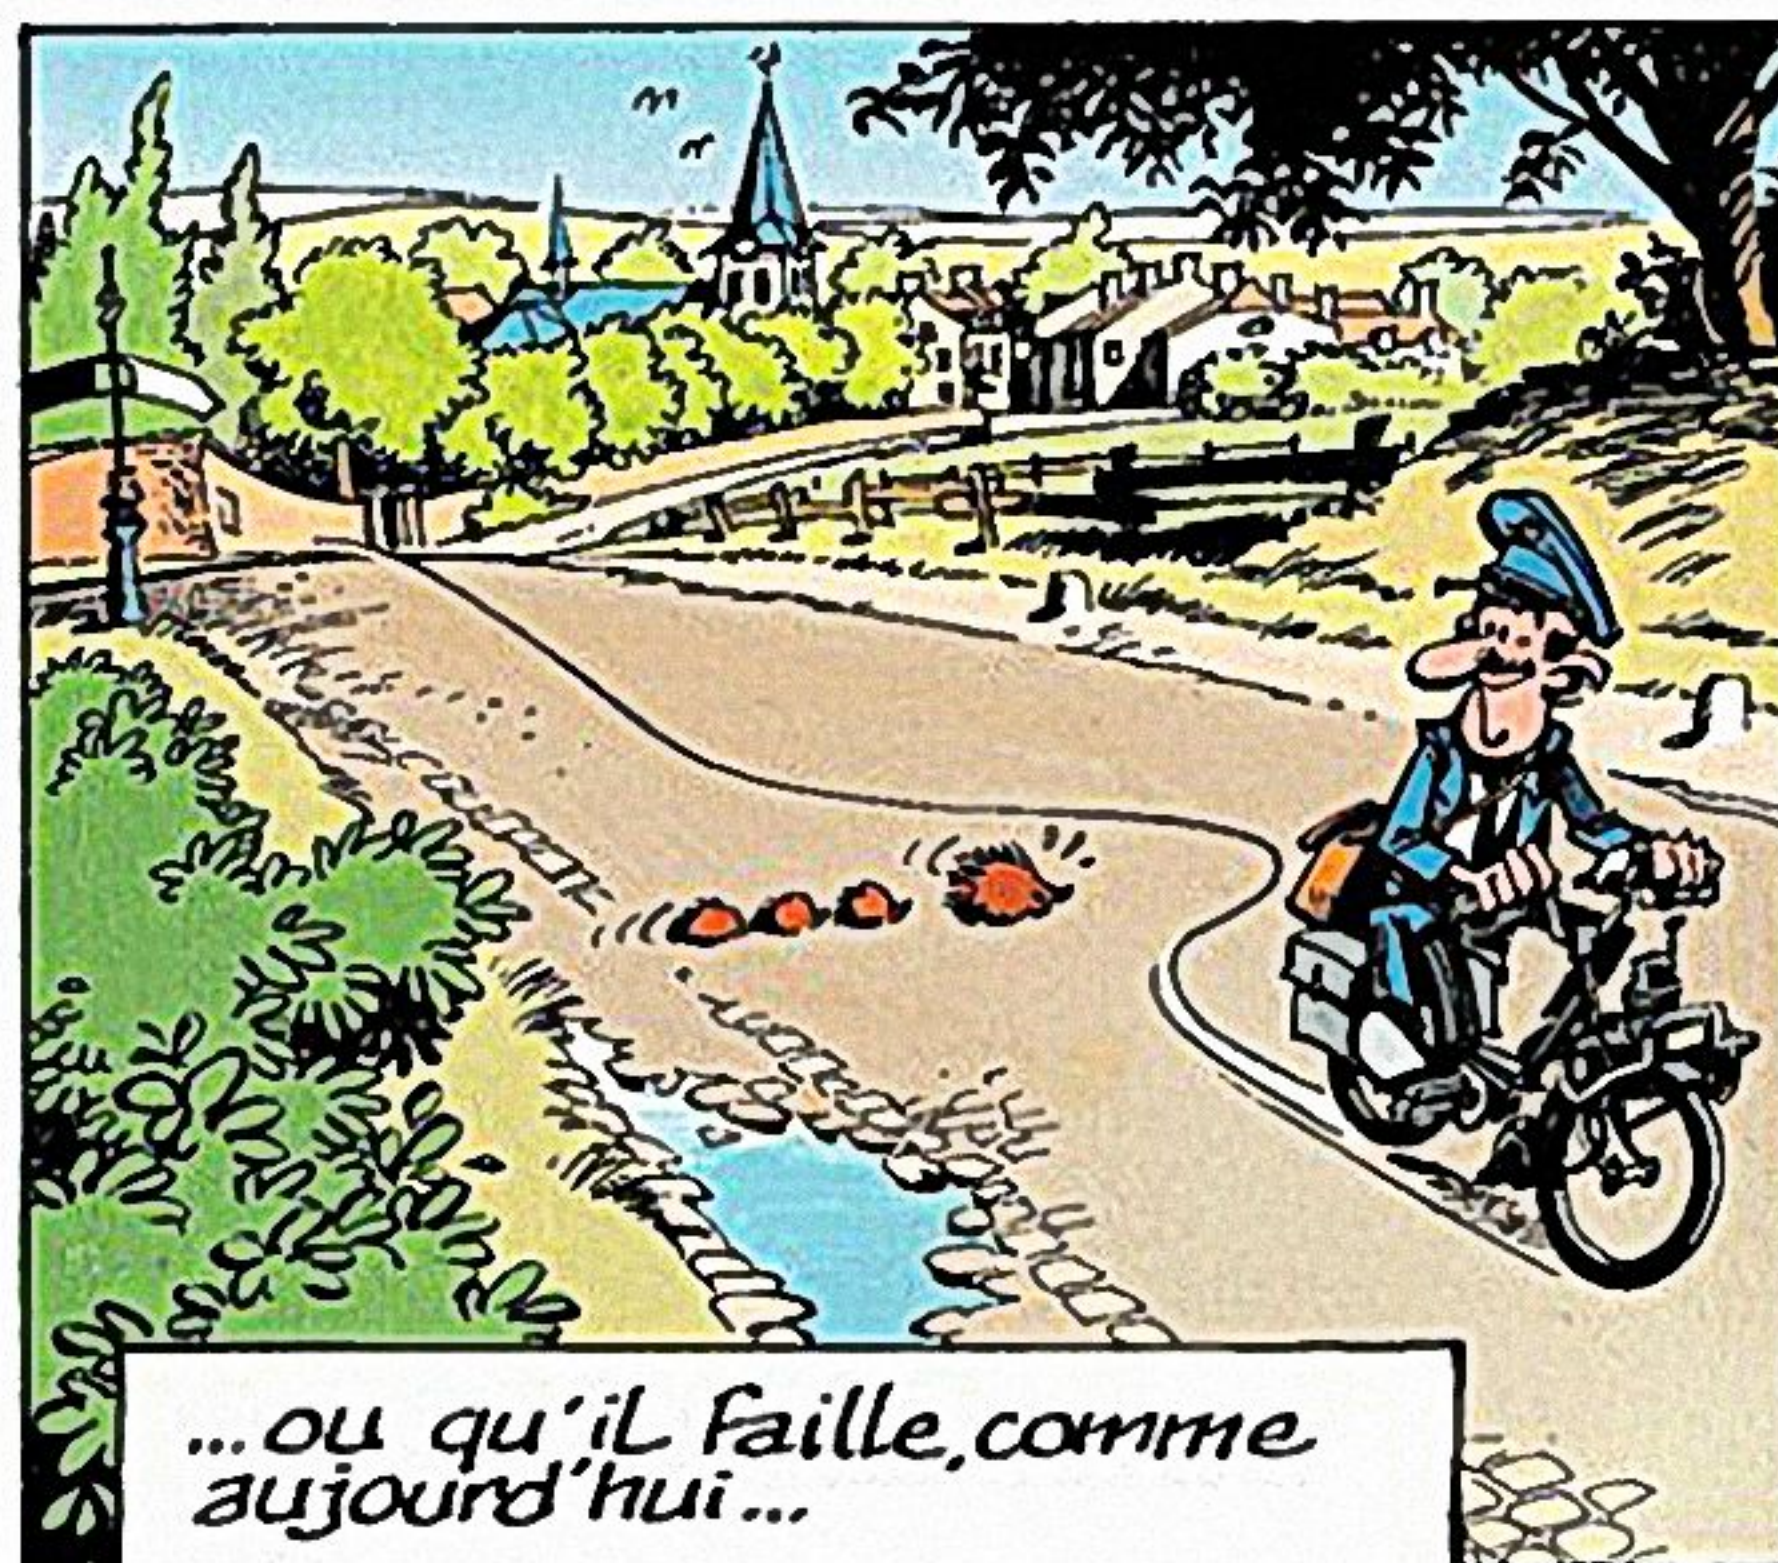

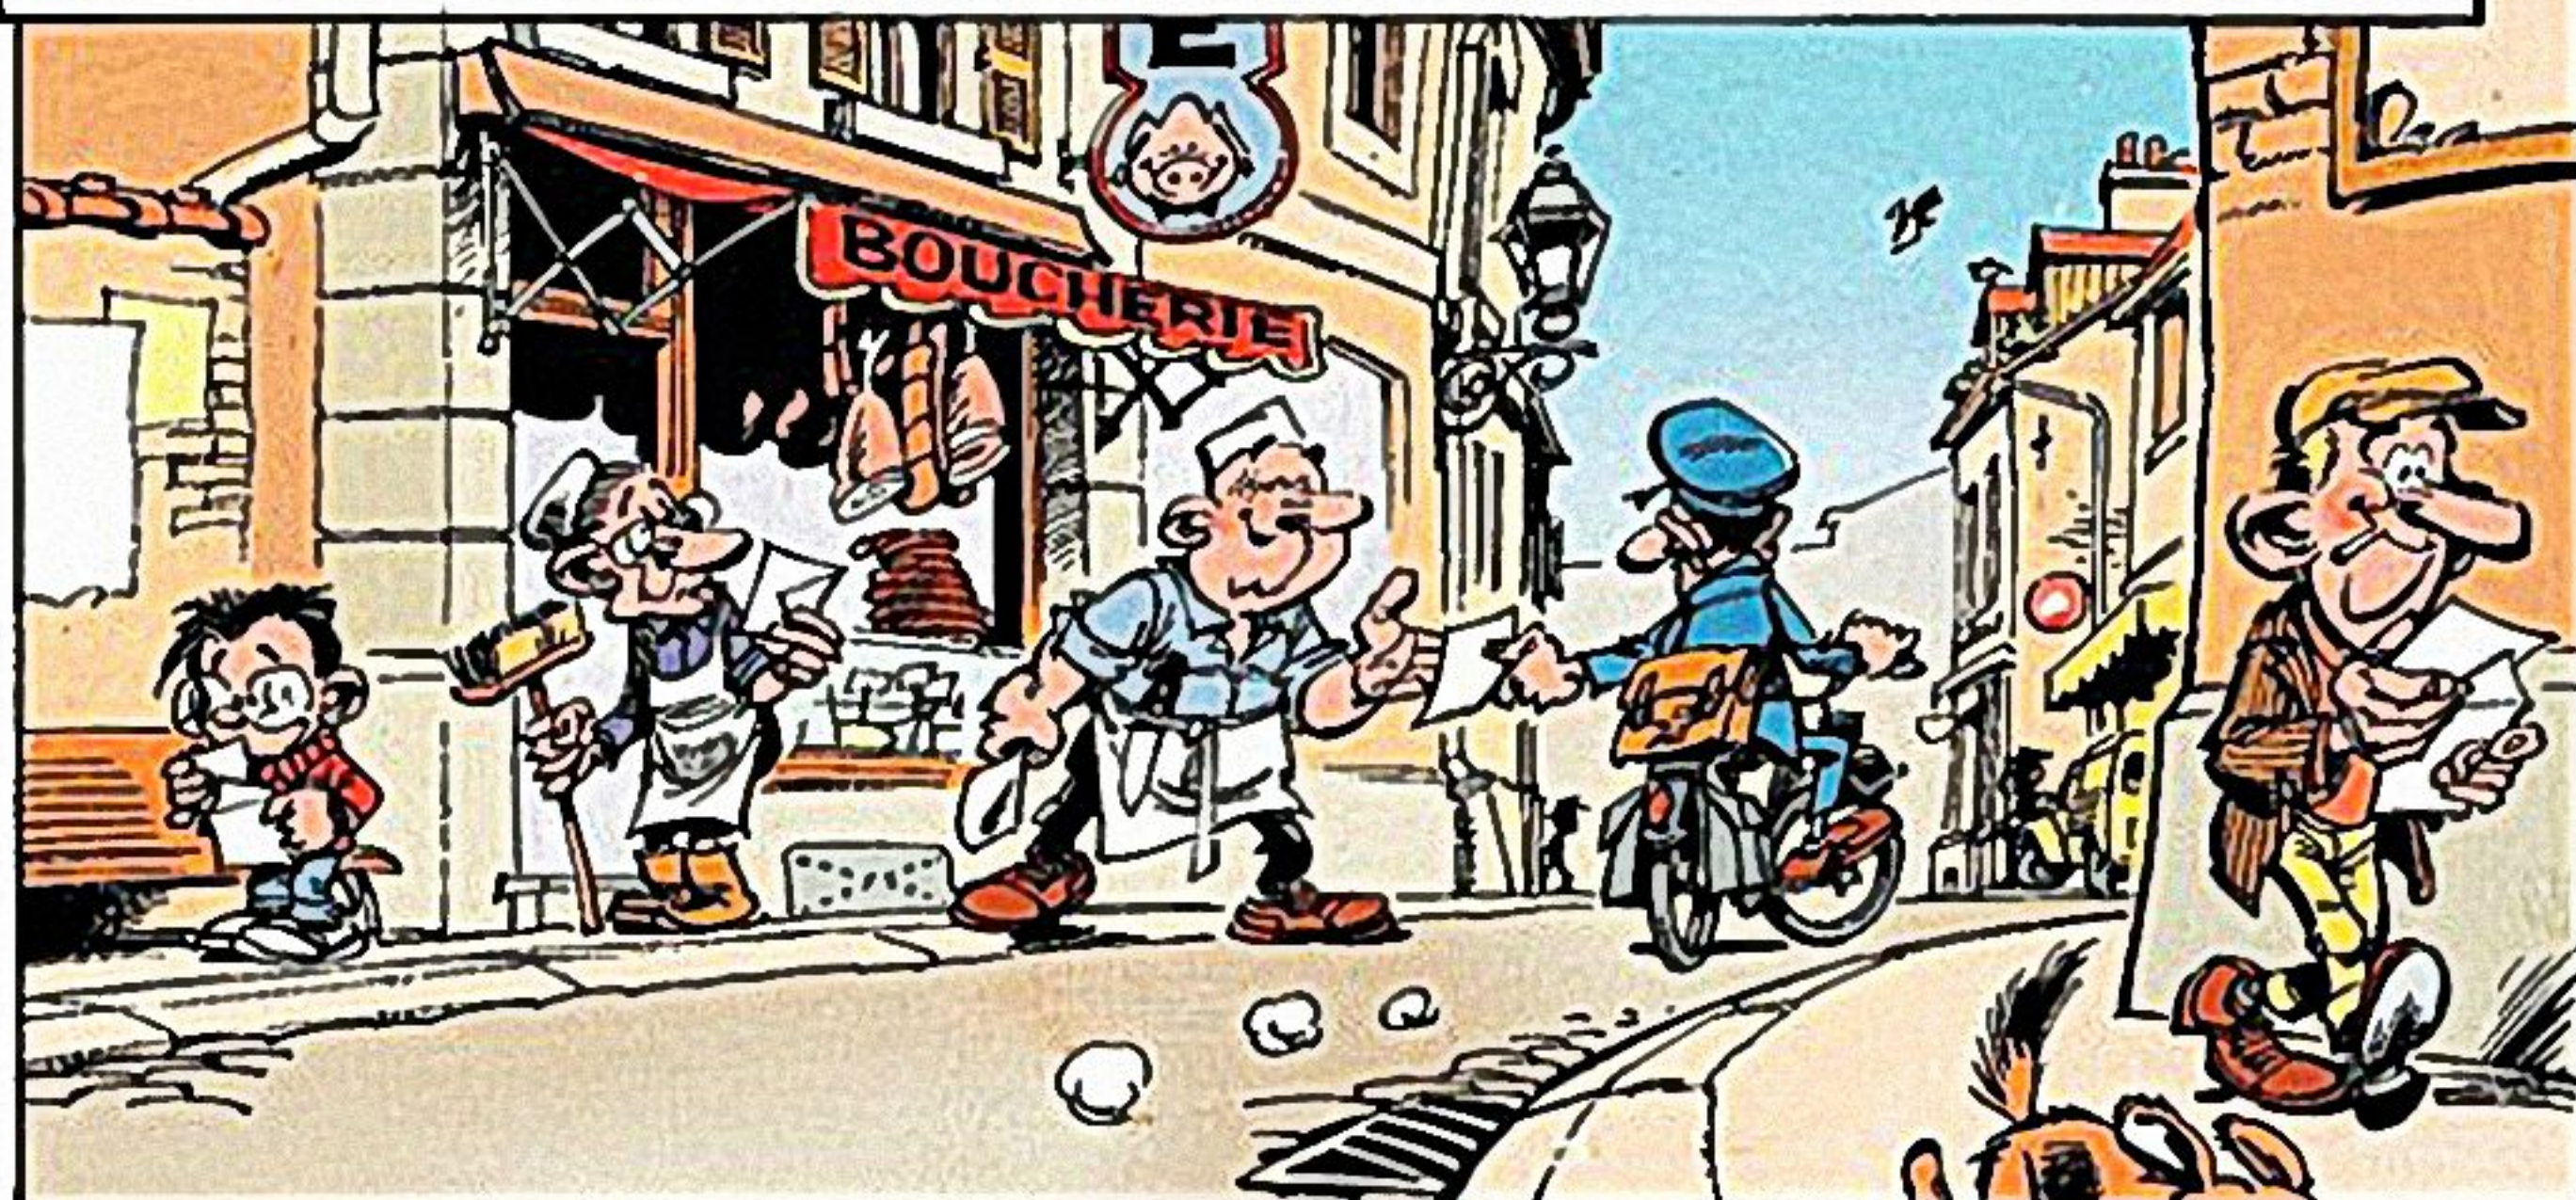

L'un et l'autre figurant en bonne place
au rang des richesses du patrimoine local.

En bref, Champignac est un
village heureux.

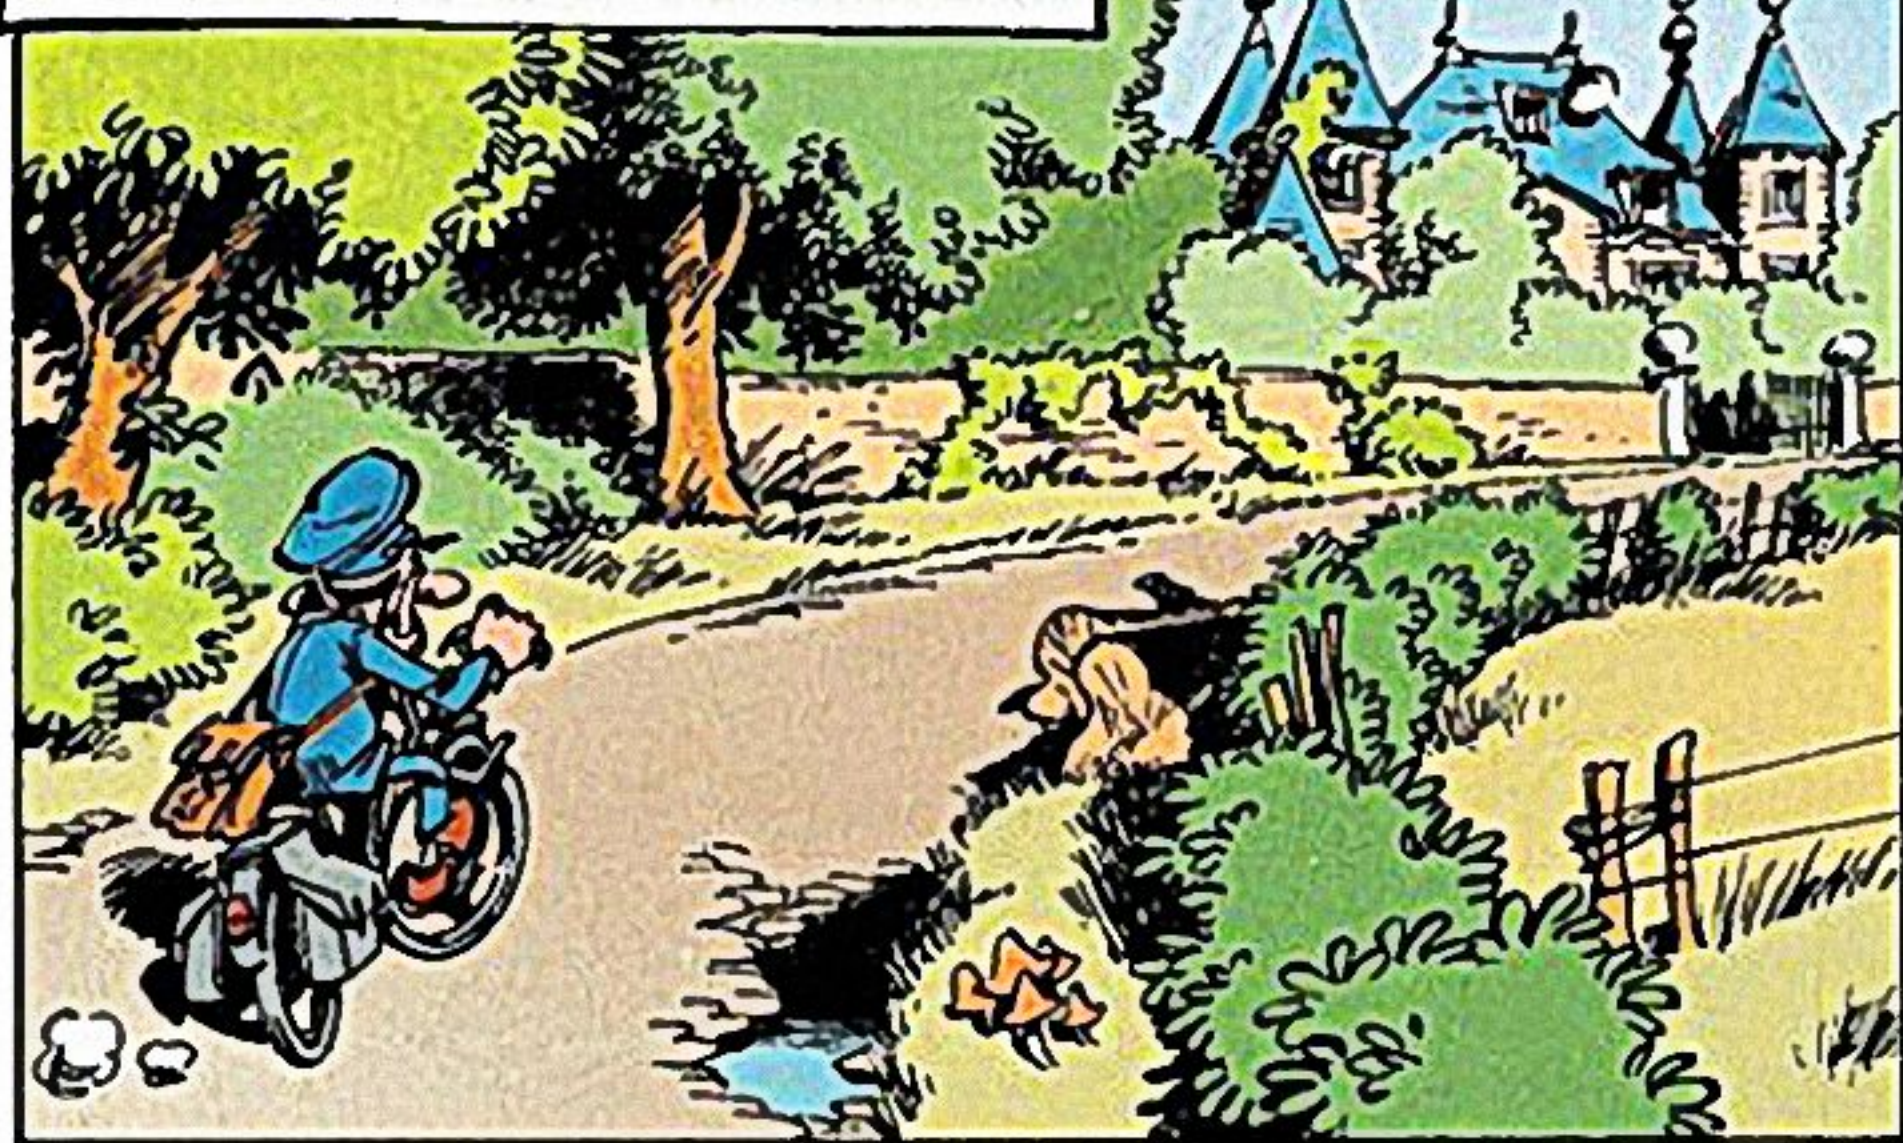

Et ce n'est pas Zénobe, le facteur, qui contesterait cela, lui qui distribue si jovialement le courrier à ses concitoyens, qu'il neige, qu'il vente...

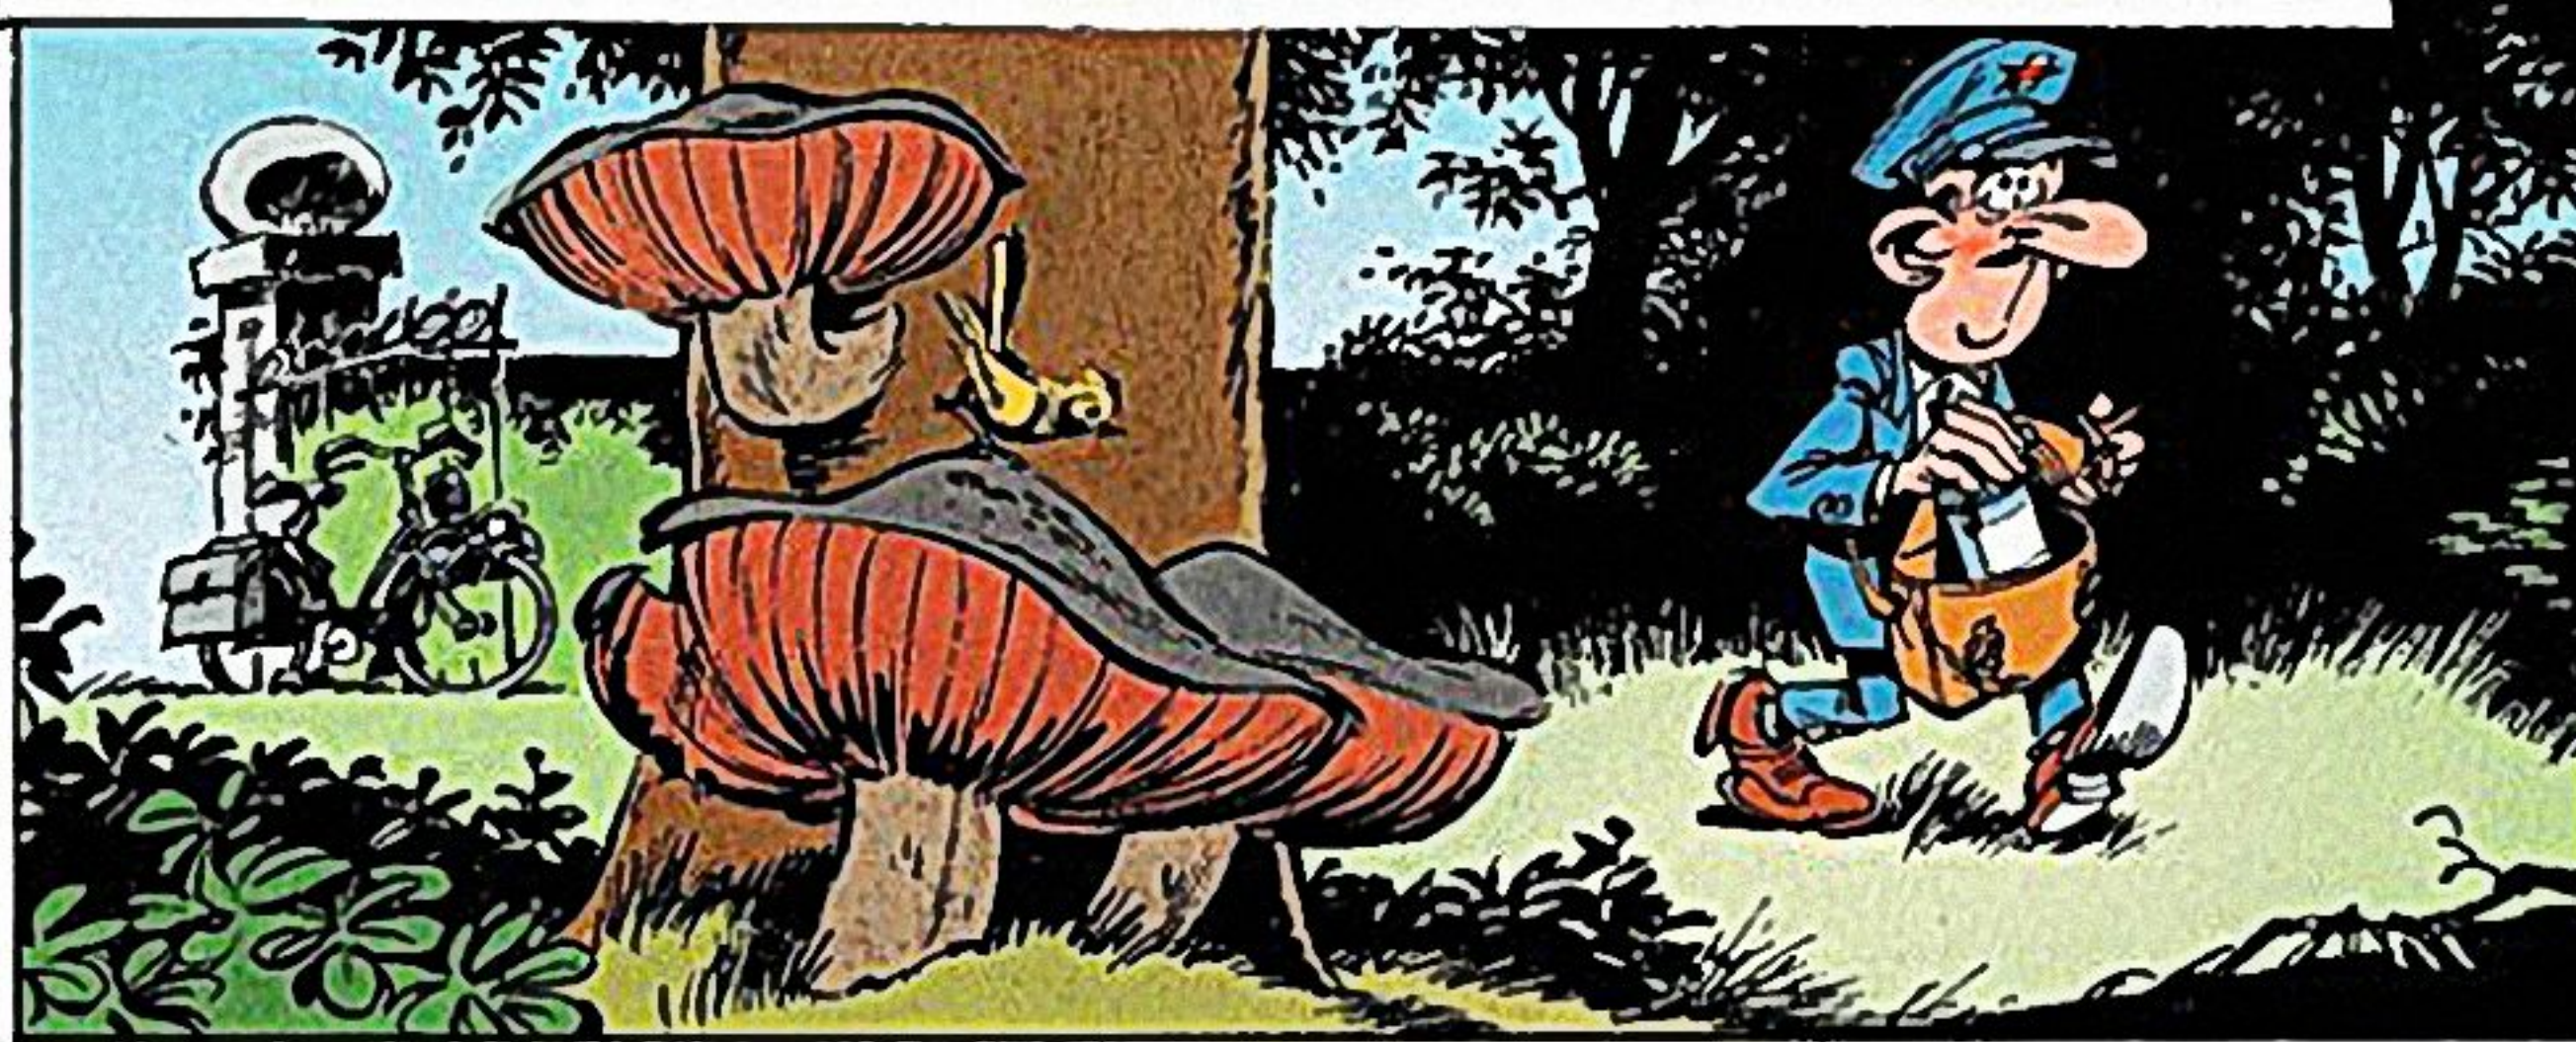

...ou qu'il faille, comme aujourd'hui...

...faire grimper à son antique vélomoteur le chemin qui conduit au château.

Mais pourquoi s'intéresser à ce village ?

Parce que quelque chose s'y prépare qui va bousculer sa douce tranquillité, et cette chose, Zénobe, malgré son naturel curieux, ne sait pas qu'il la transporte avec lui...

Là! Dans ce colis!

Bien sûr, s'il pouvait savoir...

TIENS! ?
SALUT, ZÉNOBE!

mais non!
il ne saura pas!
